

## ENTERTAINMENT FOR PRESCOTT

Northerners Arrive Friday, Play Coyotes at Riverside Saturday Afternoon and Attend Dance That Evening

### FOOTBALL DANCE

The members of the Students Activity Association of Phoenix Union High school and the Prescott and Phoenix football squads will be entertained at a dance in honor of the Prescott team, to be held at the high school Saturday evening. Music will be furnished by Jack Abbotts orchestra. Grand march at eight o'clock sharp.

Prescott is coming on that 10:15 train Friday night. They are coming early so they will be in good condition to struggle for the state championship Saturday afternoon at Riverside park.

Prescott is said to have the fastest team outside of the Coyotes in the state. They have held the championship of the north for several years. And have a stronger and heavier team than ever before having not lost a game this season. Prescott scored as many touchdowns on Flagstaff Normal as Phoenix high did, but didn't kick as many goals.

The score of the Flagstaff-Prescott game was 18 to 6. The score of the P. H. S.-Flagstaff game was 40 to 6. This shows that Phoenix and Prescott are pretty evenly matched and will battle to the finish for the honor of state champs.

Captain Geary will endeavor to show the people at this game, what kind of a team he can put on the field. It will be composed of his fastest players.

The Coyotes having had hard practices for the last few days, working late in the evenings will be in fine condition for the "Hodags". The game will be refereed by Bill Horrell and umpired by Bob Cardman. C. L. Michael will be head timer. Lyle Abbott will occupy the position of head line judge. Game called at 3:30 on Riverside gridiron.

## NORTH METHODIST LADS HAVE FOOTBALL TEAM

The junior department of the North Methodist Sunday school has organized a football team and the boys are practicing two or three nights a week so they can meet the Episcopalians and the Presbyterians after fair week. They are showing up well for beginners, many of them never having seen a football before joining this team. Of those showing up well for the backfield are J. Irvine, who was elected captain of the team; Geary, Jr., a nephew of the high school coach; W. Brown and R. Phillips. Irvine will play full-back, young Geary will play quarter, Brown will play right half, and Phillips will be at the other half.

The line is composed of pretty husky youngsters for their age. The ends are fast and the guards and tackles are strong. The center is a plucky little player, full of pep.

Morris and Wilkerson will play the end positions; Harker, Thomas and Shannon are tackles, Nelson and Fat are guards, and Dale, a red haired urchin, is center. Johnny Phillips is the sub line man.

They will practice tonight at five o'clock at Second Avenue and Monroe street.

### UNIVERSITY NOTES

By C. E. Grassick

**Correspondence Courses**—The university is offering for the first time in its history, courses in correspondence in a variety of subjects designed for those who cannot spare the time and money for attendance at the university, and it is the plan, in this way, to bring the university, so far as possible, into all communities of the state. A pamphlet is just off the press describing the courses.

**Exhibits at Fair**—The university is not behindhand in realizing the manifold benefits to be derived from exhibiting at the state fair. The College of Agriculture will be well represented, as will also the mining, the electrical, the physics and the engineering departments. A series of interesting pictures of university life and campus views will be shown, and charts explaining the various activities of the university, will bring home to the observer the varied work of this institution.

**Entertainment**—One of the most important as well as interesting lectures to be given this year on the campus is that of Marie Mayer, who took the part of Mary Magdalene of the Passion Play at Oberammergau in 1910. She will deliver a lecture on the campus soon, describing her work in the world-famous play. Franklin Mayer has appeared three times in the Passion Play; in 1890 as one of the children of Jerusalem, in 1900 as the Angel in the Garden of Gethsemane, and in 1910 in the memorable role of Mary Magdalene.

**Student Activities**—Gale Seams, the great Y. M. C. A. man of the Pacific coast, spoke at the university Y. M. C. A. meeting on Sunday morning. That his popularity has not diminished, was attested by the enthusiastic reception he received. He gave the boys a stirring talk of his work about the country, giving them added incentive to work for a greater and a better University Y. M. C. A. in Arizona. Mr. Seams is on his way to El Paso, where he speaks before the Y. M. C. A. Interstate convention on Saturday and Sunday. Dr. von Klein Smid also speaks at this convention, using for his subject on Saturday, "America's Coming Men" and on Sunday afternoon and evening, "Education in Religion and Morals" and "Fate—A Dynamic" respectively.

**MOOSE WILL DANCE TONIGHT**—The regular weekly dance of this order will be given this evening at the Moose home, and all dancers who have attended these functions in the past are anticipating another pleasant social evening. The music will be furnished by the Besse orchestra, and every means will be taken by those in charge of the affair to insure all of the guests an exceptionally good time.

## LIGHT WEIGHT BEATS 'VARSITY

Left Was Not Back of U. A. Eleven in Battle With New Mexico Aggies; Goal Tried Passed Up By Captain Porter

**TUCSON, Nov. 10. (Correspondence)**—The university students were dumbfounded Saturday evening to receive news of the defeat of the varsity eleven at the hands of the New Mexico Aggies, to the tune of 3 to 0. The score indicates that it was a hard fought battle. The forward pass was worked continually by the Arizona boys, with a great deal of success. In fact, it was by this means that most of their gains were made.

The stonewall defensive program of the Aggies could not be overcome by backing.

Arizona's team this year is depending upon going around the end and forward passes, rather than backing; inasmuch as the weight is lacking. Inasmuch as the second time that a goal has been scored against Arizona, the Pomera team being the first to succeed in this line. Captain Porter could have a number of times kicked a goal, thereby tying the score, but they always tried for a touchdown by the forward pass method, and failed at the crucial period.

Great preparations are being made for the Thanksgiving game against Whittier. Last year witnessed the most enthusiastic support by the people of Tucson ever accorded to the university. This year extra bleacher space is being provided, and a crowd of at least a thousand is expected.

## WILSON AND SELLNER ROAD RACE ENTRIES

Ellie Tunes Up Indian; Frank Sticks to "Fish"—Some Practice Laps

**ELLIE WILSON** is the latest entrant for the Tucson-Phoenix road contest. Mounted on a composite Indian, the motor from Joe O'Connell's old track racer and the frame and attachments from everywhere except the sheriff's office, he will hurt himself along the state highway in pursuit of the money prizes the state fair has hung up for the event.

Boldo, Graves, Crandall, Frank Sellner, who will ride the only Merkel entry, Bob Perry on his fast 85 and others, were trying out the road yesterday. Sellner of the Tucson team, on a Florence Tucson and some came back. Among the latter was Boldo, who will train in the valley, hitting the road a while as far as Higley, and then going to the football field so he can prepare himself for the tackle job with the Coyotes Saturday. About eleven entrants are expected, seven being from Phoenix. Tucson, it is learned, has raised the \$50 pledged to the purse.

With two exceptions the team that faced Harvard was used today, the only changes being those made necessary by injuries. Gennert was not at center and Hoag was missing at tackle. The latter is sure to be in shape for the Yale game but Gennert may not be able to play for any length of time.

## NEW BABES CAUSE JOY TO TWO OF McNEIL FORCE

Two of the men who are connected with the McNeil company of this city joined hands in a joint celebration yesterday, the occasion for the merriment of the twain being the fact that the story had left baby daughters at the homes of both that morning.

The happy fathers are Roland H. Parsons, who is now the daddy of little Miss Mary Josephine Parsons and Jay Alkire, who is elated over the fact that Doc Stork left a seven-pound bundle of humanity at his home during the morning hours. This little girl has been named Alma Aseneth Alkire, and like Mary Josephine, is the first child to be born to her parents.

### SAY VELES NOT OCCUPIED.

**[Republican A. P. Leased Wire]**  
LONDON, Nov. 11.—Dispatches from Saloniki published in the morning papers here under date of Tuesday evening deny positively that Veles has been occupied by the French. They give a circumstantial story of the manner in which that report became circulated. "A small French cavalry force," says one dispatch, "penetrated the Bulgarian lines near Veles, but failed actually to enter the town."

**DRIVING HIM TO DRINK**  
"When we drank from the same canteen," roared the old veteran, "Grandpa" interposed his granddaughter, "the sentiments of that song are praiseworthy, but I fear they may tend to counteract certain health-risks I have been trying to teach little Walter. Don't you know any songs about sanitary drinking cups?"—Louisville Courier-Journal.

## CLOSE TEMPE ROAD SHORTLY

For Another Coat of Oil; State Highway Is to Be Cut During Fair Week; May Interfere With Road Race

Under the direction of State Engineer Lamar Cobb, the work of applying a second coat of oil to the Tempe highway will be started. It is expected that it will take three days, one mile of the road being closed to traffic each day.

This will be the second treatment of oil which the road has received, the first having been put on about two months ago. This time the oil will be put on in a thin coating, each square yard to receive one-fourth of a gallon. This oiling is in reality a part of the first coat of the highway as the specifications call for two thin coatings of oil to the surface. The first coat proved very satisfactory as a dust layer, and it is thought that this second application will be good for a period of perhaps a year.

About twenty-five men will be used on the job. Mr. Cobb states that there was some opposition to closing portions of the road to traffic during fair week, but the matter could not be remedied, as financial conditions made it necessary to complete the work at this time.

## GATHERING BANKERS AT CASTLE HOT SPRINGS

Delegates Tendered a Luncheon in Phoenix Today

The twelfth annual banquet of the Arizona Bankers' Association is to be held at Castle Hot Springs tomorrow and Saturday will probably be the largest gathering in the history of the organization. It is believed that there will be more than one hundred delegates and visitors in attendance, including not only the representatives of banks in this state but bankers from California and Texas.

Most of the delegates from the south will begin arriving in the city today. They will be given a luncheon by local bankers at the Arizona club at one o'clock today and then they will be taken in automobiles to Castle Creek. The members of the committee of arrangements having this matter in charge are R. E. Moore and H. D. Marshall.

After the convention has been called to order at noon tomorrow, there will be an address of welcome by Frank M. Murphy, director of the Prescott National Bank, and a response by M. L. Powers, of the Citizens' bank of Flagstaff. The afternoon session will bring out the reports of the various committees, after which there will be an address on the subject of "Federal Reserve Banks" by Russell Lowry, deputy governor of the federal reserve bank of San Francisco and an address by Hon. Thomas E. Campbell of the state tax commission. This session will be followed by a meeting of the Arizona members of the American Bankers' Association.

In the evening there will be addresses by J. W. Hoopes, vice governor of the federal reserve bank of Dallas, Texas, and an address by Professor Stanley F. Morse, of the University of Arizona, on "The Arizona Banker and Agricultural Development." The evening there will be a banquet at which Hon. Joseph H. Kibbey will be the toastmaster.

## CHOISTERS NOT PREACHERS

A Manager Who Resents Levity of Nomenclature of Nymphs of the Stage; As to Parking Automobiles in the Alley

Peaches by the crate! Preserved peaches! Pickled peaches!

All taboos by a price of pickers who declares only one must be selected from an entire crop. His requirements make it a simpler matter to choose a solitary peach even from a monster orchard, than to pick the thousand and one in easy reach. It takes the blue ribbon brand to have the royal approval of Roy Clair. He admits he is hard to please, and his famous chorus gives evidence of the fact that youth, beauty, grace and voice are necessary before Mr. Clair will add a peach to his supply.

And the peach may be called by another name but not that of chorus girl. Of that, Mr. Clair is insistent. "We have no chorus girls in our company," he says emphatically. "They are classy choristers." The clever manager of the musical comedy company that is scoring the great hit at the Columbia theater, has well named his pretty chorus. Better costumed and better trained than any chorus that has ever appeared here, the girls also have exceptional voices. They know how to sing.

"I do not select a girl for her beauty alone, for youth and good looks, while a consideration is not sufficient to make a chorister. I insist upon experience. Changing the bill twice a week we haven't the time to educate a girl in all the little steps, the real foundation of her work. With that knowledge she can quickly grasp the new features that must be constantly introduced for an audience rightly demands the new in each production. She must be able to sing and to know how to use the voice she has," continued Mr. Clair. He says he has no petty jealousies with which to contend, for his end girls are not so placed because of their superior ability, but rather in conformity to size, explains Mr. Clair.

"It is merely a question of keeping a uniform line. I have no preference for blonde or brunette, but the blue spot is the test for youth. Mr. Clair says he never has to call down his choristers, only, of course, he will not permit the theater alley to be used as a place in which to park automobiles.

## CHRISTIAN PASTOR TO LECTURE THIS EVENING

A stereopticon lecture will be delivered this evening in the Christian church, corner Fifth Avenue and Monroe street, by Rev. Claude C. Jones. The subject will be, "The Work of the American Christian Missionary Society."

Some of the interesting pictures thrown upon the screen will be those of a Russian wedding, Russian workers, a Bohemian church, a Chinese mission, a class of Bulgarians, immigrants landing at Ellis island, and the landing of the Puritans. The Sunday school orchestra, which is an exceptionally fine orchestra, will begin playing at 7:30. The public is invited.

### SUNDAY SCHOOL CONGRESS

International Meeting Planned for 1916 If War Has Ended Then

**[Republican A. P. Leased Wire]**  
SAN FRANCISCO, Nov. 10.—Plans for the International Sunday School Congress to be held October 1916 in Tokio if the European war has ended, were the subject of a conference here today, between Baron Shibusawa, the Japanese financier, Frank L. Brown, of Los Angeles, joint general secretary of the World's Sunday School Association; C. R. Fisher, state secretary of Sunday schools; Bishop H. Z. Hartzell, Methodist Episcopal church of Africa and a number of local clergymen.

Baron Shibusawa said that the supporting committee of Japanese, of which he is vice president, had pledged \$32,000 for the entertainment of delegates, and Frank L. Brown said that it was proposed to charter three steamers to carry the delegates from San Francisco to Japan.

Mr. Brown said further that the World's Sunday School association was carrying out a plan to send 1,000,000 Bibles to soldiers in the trenches, hospitals and prison camps of Europe.

### BOMBARD GERMAN HUTS.

**[Republican A. P. Leased Wire]**  
LONDON, Nov. 10.—A report received from Field Marshal Sir John French, commander in chief of the British forces in France, and made public tonight, says:

"On the seventh, our aeroplanes bombarded German huts with apparently good effect. As a result of a protective air fight, the same day, a German machine overturned and fell inside the enemy's lines from a height of 7,000 feet. In another fight near Douain we lost an aeroplane.

"On the eighth we repulsed two small bombing attacks on our extreme left. Otherwise there has been no incident of importance. "Generally there has been less artillery activity than usual on the front."

### WITHOUT A JOB

"I am keeping a close watch on my son these days. He is flat broke and has been out of work for some time."

"Afraid he'll take to drink?" "Not that. But so many young fellows seem to consider such conditions as signalizing a propitious time to get married."—Louisville Courier-Journal.

### POCKET BILLIARDS
